

The Clinton C of E Head Teacher Update 28.02.25

The Clinton Church of England School

A warm welcome back to you all following our half term break!

It has been wonderful to see the children back refreshed and excited for the second half of the Spring Term. Hopefully you will have seen snippets of their learning this week on Seesaw. You can read more about the focus of the children's learning across the curriculum in the C360 Curriculum Overviews that have also been sent out.

Enrichment: Kingfishers and Tigers really enjoyed their first tennis session with Lottie this week, and showed great determination and motivation to practise and learn new skills. All of the children from Reception-Year 6 were super inspiring skill builders during our first swimming session this week, too! **Please support your children by encouraging them to dress themselves and organise their belongings independently - it is a valuable life skill!**

We have continued to explore the character virtue of **Determination** this week and I have been delighted to see the children living this out throughout the day at school as well as sharing examples of how they have used it at home and outside of school. Next week, we will move our focus will shift to **Justice**, followed by **Citizenship**.
