

Pupil premium strategy statement. The Clinton C of E School.

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	23 (41 including nursery)
Proportion (%) of pupil premium eligible pupils	43% (10/24)
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended – you must still publish an updated statement for each academic year)	2025 – 2026
Date this statement was published	September 2025
Date on which it will be reviewed	July 2026
Statement authorised by	
Pupil premium lead	Anton Deveraux
Governor / Trustee lead	<i>Cheryl Cottle - Hunkin</i>

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£6,060
Pupil premium funding carried forward from previous years	N/A
Total budget for this academic year	£6,060

Part A: Pupil premium strategy plan

Statement of intent

Our disadvantaged strategy is anchored in our unwavering commitment to equity and excellence. We recognise that every student, regardless of background, deserves access to excellence. Through excellent pedagogical practice, targeted interventions, and support, we aim to cultivate an environment where every pupil can flourish academically, socially, and emotionally.

Central to our strategy is the cultivation of character and the nurturing of young minds to become inspiring changemakers in their communities. By providing additional resources and tailored support to pupils eligible for Pupil Premium, we aim to remove barriers to learning and empower them to reach their full potential.

Our overarching goal is attainment for all, ensuring that every pupil, regardless of socio-economic background, achieves their academic and personal best. Through a comprehensive approach that prioritises equity, excellence, and the holistic development of each pupil, we are committed to eradicating the attainment gap and fostering a culture of inclusive excellence.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from nursery through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers.
2	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with reading than their peers. On entry to Reception class in the last 2 years, between 100% of our disadvantaged pupils arrive below age-related expectations. This gap remains significant to the end of KS2.
3	Internal and external assessments indicate that KS2 attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils. In the last 2 years, between 100% of our disadvantaged pupils have not achieved combined ARE at the end of KS2.
4	Our attendance data last year indicates that attendance among disadvantaged pupils was only 82.6% 33% of disadvantaged pupils have been 'persistently absent.' Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.
Improved reading attainment among	Phonics outcomes on year 1 in 2025/ 2026 will be much improved for disadvantaged pupils

disadvantaged pupils.	KS2 reading outcomes in 2025/26 show that more than 62% of disadvantaged pupils met the expected standard in reading.
Improved maths attainment for disadvantaged pupils at the end of KS2.	KS2 maths outcomes in 2025/26 show that more than 62% of disadvantaged pupils met the expected standard.
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Sustained high attendance by 2025/26 demonstrated by: <ul style="list-style-type: none"> the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced. the percentage of all pupils who are persistently absent being below 5%.

Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: 3,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embedding dialogic activities across the school curriculum. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary. We will purchase resources and fund ongoing teacher training and release time.	There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading: Oral language interventions Teaching and Learning Toolkit EEF	1
Review and possible purchase of a new DfE validated Systematic Synthetic Phonics programme to secure stronger phonics teaching for all pupils. Work with Ilsham Hub to ensure fidelity to the scheme and improved outcomes.	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading, particularly for disadvantaged pupils: Phonics Teaching and Learning Toolkit EEF	2
Enhancement of our core subject teaching and curriculum	The DfE non-statutory guidance has been produced in conjunction with the	3

<p>planning in line with DfE and EEF guidance.</p> <p>We will fund teacher release time to embed key elements of guidance.</p>	<p>National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:</p> <p>Mathematics guidance: key stages 1 and 2</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>Improving Mathematics in Key Stages 2 and 3</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/literacy-ks2</p>	
--	---	--

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: **£2,060**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>One to one and small group tuition for pupils in need of additional support, delivered in addition to, and linked with, normal lessons.</p> <p>Tutoring will be implemented with the help of DfE's guide: Tutoring: guidance for education settings</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind:</p> <p>One to one tuition Teaching and Learning Toolkit EEF</p> <p>Small group tuition Teaching and Learning Toolkit EEF</p>	1, 2, 3
<p>Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with our local English hub.</p>	<p>Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:</p> <p>Phonics Teaching and Learning Toolkit EEF</p>	2
<p>Purchase of a programme to improve listening, narrative and vocabulary skills for disadvantaged pupils who have</p>	<p>Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination</p>	1

relatively weak spoken language skills.	of the two show positive impacts on attainment: Oral language interventions Teaching and Learning Toolkit EEF	
---	--	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: **£1,000**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Embedding principles of good practice set out in the DfE's guidance on working together to improve school attendance.</p> <p>This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance.</p>	<p>The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	4
<p>Contingency fund for acute issues.</p>	<p>Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.</p>	All

Total budgeted cost: £6,060

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the previous academic year, drawing on national assessment data and our own internal summative and formative assessments.

The data demonstrated that *[school would provide an overview of conclusions drawn from this analysis, including reference to school performance measures data, once published]*.

To help us gauge the performance of our disadvantaged pupils we compared their results to those for disadvantaged and non-disadvantaged pupils at national and local level and to results achieved by our non-disadvantaged pupils (though we know that pupils included in the performance data will have experienced some disruption due to Covid-19 earlier in their schooling, which will have affected individual pupils and schools differently).

The data demonstrates that *[school would provide an overview of conclusions drawn from this analysis]*.

We have also drawn on school data and observations to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing.

The data demonstrated that *[school would provide an overview of conclusions drawn from this analysis]*.

Based on all the information above, the performance of our disadvantaged pupils *[exceeded/met/did not meet]* expectations, and we are at present *[on course/not on course]* to achieve the outcomes we set out to achieve by 2026/27, as stated in the Intended Outcomes section above.

Our evaluation of the approaches delivered last academic year indicates that *[school would highlight aspects of their strategy that their analysis found to be particularly effective/less effective during the previous academic year]*.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year. The Further Information section below provides more details about our planning, implementation, and evaluation processes.

Externally provided programmes

Programme	Provider

Service pupil premium funding (optional)

How our service pupil premium allocation was spent last academic year
Counselling has been provided to support the emotional needs of service children and their families. Induction programmes have been developed to ensure a smooth transition and to address service children's learning gaps. Communication with deployed parents has been supported through face time and communication book activities.
The impact of that spending on service pupil premium eligible pupils
Teachers and parents have identified improvements in the emotional wellbeing of service children, enabling them to thrive and focus on learning.

Further information (optional)

Additional activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium. That will include:

- Embedding more effective practice around feedback. [EEF evidence on feedback](#) demonstrates significant benefits, particularly for disadvantaged pupils.
- Utilising a [DfE grant to train a senior mental health lead](#). The training we have selected will focus on the training needs identified through the online tool: to develop our understanding of our pupils' needs, give pupils a voice in how we address wellbeing, and support more effective collaboration with parents.
- Offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected. We also commissioned a pupil premium review to get an external perspective.

We triangulated evidence from multiple sources of data including assessments, engagement in class book scrutiny, and conversations with parents, students and teachers, in order to identify the challenges faced by disadvantaged pupils. We also contacted schools local to us with high-performing disadvantaged pupils to learn from their approach.

We looked at several reports, studies and research papers about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage.

We used the [EEF's implementation guidance](#) to help us develop our strategy, particularly the 'explore' phase to help us diagnose specific pupil needs and work out which activities and approaches are likely to work in our school. We will continue to use it through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.
